RPET series

 SUSTAINABLE DEVELOPMENT GOALS

What is RPET

Recycled polyester is made from recycled PET bottles

The collected and recycled bottles are delivered to the collection centers, where they are sorted, cleaned, shredded, and made into pellets

Pellets can be used as a raw material for many types of plastics, including polyester yarn for fabrics, also known as RPET

The Life Cycle of RPET

Plastic Waste Bottles Become Valuable Products

Backpack

Shopping Bag

Cap

Towel

Umbrella

Jacket

Chopping board

Apron
